Industrial Labeling Tools

Bright,
Backlit Display

Model PT-7600

Rechargeable,
download-ready
for labeling bigger
jobs & applications
that require more
versatility.

Computer Connectivity

The PT-7600 comes with easy to use, label design software for downloading custom label templates, company logos and graphics into the PT-7600 memory. For more productivity, transfer a Microsoft® Excel® or Access®¹ database to the PT-7600, and print labels directly from the database.

Software
Included
(PT-7600)

The P-touch® EDGE™ industrial labeling tools are designed to give you the competitive edge to be more productive to label the job quickly and more efficiently. We know you are a professional and your work represents the best in service, quality and performance. Labels are a thumbprint of professionalism and P-touch® laminated labels make your work look as good as it performs. Their sharp print quality and extreme durability won't smear or fade, and can resist abrasion, chemicals, moisture and extreme temperatures. With innovative features like smart technology and download capability (PT-7600 only), why not experience the P-touch® EDGE™ advantage for yourself.
