

SEWING & EMBROIDERY

Creativity Times Four™ ...and More

Built-in stitches, embroidery designs and fonts

- 638 built-in sewing stitches, 677 built-in embroidery designs including 207 designs featuring Disney characters and 14 bobbin work designs, 18 embroidery lettering fonts and 3 sewing lettering fonts.

Scanning feature with InnovEye® Technology

- See what the needle sees with the exclusive InnovEye® technology. Touch a button to scan the hooped fabric and position your design exactly where you want it.

Color Shuffling™ Function

- Be your own colorist! View a design in a myriad of colors and audition new palettes without ever leaving your machine.

Large workspace

- Almost 50 square inches of workspace to accommodate large or bulky projects.

Advanced Super View (ASV) HD LCD touch screen display by Sharp® Corporation

- 16.7+ MILLION possible colors with little or no color shifting. Enhanced viewing angle of 176 degrees. New adjustment feature allows you to change the brightness of the screen.

10" Pen Tablet with My Custom Design™ feature

- Create your own embroidery designs using the exclusive My Custom Design™ feature. Sketch, trace and autograph on the Pen Tablet and then watch the Quattro® 2 transform your doodles into stitches.

Sew with the embroidery unit attached

- The embroidery unit moves completely out of the sewing area for quick sewing process changeovers as well as allowing you to sew in the embroidery frame.

Overview

Like its predecessor, the Quattro® 2 sets the standard for state-of-the-art sewing, quilting, crafting and embroidery. It offers a truly innovative array of new features including a Color Shuffling™ Function, an improved ASV HD LCD display, scanning feature with InnovEye® Technology and a 10" Pen Tablet for use with the My Custom Design™ feature,

as well as all the features you know and love from the first Quattro®. Sew effortlessly while the embroidery arm is still attached using nearly 50 square inches of workspace, and embroider with brilliance using over 670 built-in embroidery designs, including designs from Disney and Bobbin Work designs, and the Jumbo 8" x 12" frame. Another great

feature is enhanced on-screen auto resizing of designs, which automatically recalculates stitch count when a design is enlarged up to 200% or reduced down to 60%. The density can also be adjusted manually. Now, with the Quattro® 2, you can realize your creative vision more than ever before.

Basic Features
