

The Brother Images Portal User Guide

Please note that this Portal is not a custom application. We are working with a third party provider, SellPoint, to provide the Brother Images Portal. For terms of use for the Brother Images portal site, go to www.brotherimages.com.

This user guide will take you step-by-step through:

1. Logging onto the Brother Images portal.
2. Searching for a model.
3. Downloading assets for a model.

How do I Log onto the Brother Images Portal?

To log onto the Brother Images portal:

1. Go to the Brother Images portal login page at:

www.brotherimages.com

The following screen displays:

Welcome to the Brother Images Library!

This portal provides a selection of approved images and copy for use in creating advertising and promotional materials depicting Brother products.

Click below to log into our image library, hosted by SellPoint, our content syndication partner.

3. At this screen, log in by entering your email address and password. If you haven't received a password for this portal, please contact your Brother sales representative to register.
4. After entering your email address and password, click the **Submit** button.

The Brother Images Portal displays.

From this screen, you may search for a file or go to the file through the **Products** folders.

How do I Search for a File?

Search for a file under **Find Products**.

IMPORTANT:

- When searching for a model number, you may enter it with or without a hyphen. For example, either "HL2140" or "HL-2140" will return the model in a search.
- Search is not case sensitive.
- You may search for a model name or a descriptive word in the title of the product. For example, you can search for the generic term "color" and all models with "color" as part of the product name will display.

How do I Download a File from the Portal?

- Under **PRODUCTS** in the left hand column, click on the product category. The products under the category display.

NOTE: Featured Models: If the product is one of the featured models, click on the image for that model to go directly to the details page for that model.

Discontinued Products: Models that have been discontinued by Brother will be available from the **Discontinued Products** folder.

- Click on the name of the model you wish to download files from.
