HL-3075cw Digital Color Printer with Wireless Networking

The HL-3075cw is ideal for home offices or small offices. It produces brilliant, high-quality output at a fast print speed of up to 19ppm in color or black. This compact printer features a wireless network interface for sharing with others on your network and a USB Direct Interface to print from your USB flash memory drive* or PictBridge-enabled camera. It offers versatile paper handling with a 250-sheet capacity paper tray for letter or legal and a single-sheet manual feed slot for envelopes or thicker media. Also, it has a top-loading design to easily replace and install toner cartridges.
