PROFESSIONAL COMPUTER LABEL PRINTER

P-touch®
PRO DX

Designed to be versatile, the Brother P-Touch® Pro DX label printer produces laser quality laminated labels from your computer. With the easy to use, 32-bit label design software program and wide selection of colorful tape combinations, you can quickly create tamper-proof tags, impactful merchandising materials, and truly professional looking signs and labels. For added productivity, the P-Touch Pro DX has an automatic tape cutter with a crack and peel cutting feature built-in and one-touch clamshell design for easy, trouble-free tape replacement. Complete with printer, interface cable, software and tape, the P-Touch Pro DX delivers the performance, quality and convenience you need for your commercial, industrial and business applications.

TRULY VERSATILE APPLICATIONS

Home/Office

- File/Storage
- Asset Tags
- Presentation/Reports

Business

- Retail Shelf Tags and Signs
- Packaging Information
- Customized Services

Inventory

- Auto ID/Bar Codes
- Packaging Updates
- Warehouse

Pharmaceutical

- Prescriptions
- Laboratory
- Warning Signs

Commercial

- Nutrition/Product Contents
- Security/ID Tags
- Graphic Design Compositions

Manufacturing

- Model and Serial Number Tags
- Machine and Parts Label
- Safety Signs

HARDWARE ADVANTAGES

P-Touch® Laminated Tape

Brother's patented tape technology utilizes a special adhesive and laminate which combine to form protected labels that are resilient to water, oil, chemicals, fading, abrasion, extreme temperatures and other environmental conditions.

Tape Cutters

The P-Touch Pro DX printer features a unique two cutter system which automatically cuts the tape to the correct finished length with an additional crack and peel cut, which makes label application quick and easy.

High Resolution Printing

360-dpi

360-dpi high resolution printing produces smoother text and graphics for professional looking results.

Larger Printing Size

On the widest tapes, the P-Touch Pro DX printer can print over 1" high text and graphics... large enough for bar codes, ID tags, signs, merchandising materials and more!

Easy to Set Up

Comes with USB and Serial Ports

Compatible with Windows® 2000, Windows® NT4.0, Windows® 98, Windows® 95, and Macintosh® System (OS 8.1 or later)

Custom Stamp Making

CIRCULATION
☐ J. Smith ☒ C. James ☐ D. Turner
☒ S. Lewis ☒ P. Thomas ☐ N. Evans

Using optional stamp-making kits (SK-MB or SK-LB), you can create custom, pre-inked stamps for a variety of applications.

SOFTWARE ADVANTAGES

Printing Bar Codes

The P-Touch Pro DX printer comes with 14 standard bar code symbologies which can be easily combined with database information, text and graphics for asset management, serial numbers and warehousing applications.

Database Linking

Seamless link to Microsoft® Access database files adds efficiency and productivity.

Import Graphics

Import the most common PC and Macintosh graphics file formats for adding logos, images and more to your custom label designs.

Clip Art Library

Comes with over 700 different types of clip art, symbols, objects, signs and more!

Special Text Effects

Layout and bend text in a variety of eye-catching designs.

Framing

Dress up your labels with 75 interesting text framing designs.

Multiple Copies and Sequencing

Print multiple copies of a single label or automatically increment each label for sequential serial number applications.

Time and Date Stamp

Record actual time and/or date information automatically on your labels.

Quick Start Auto Formats

To get you quickly started, use the label creation menu that contains a variety of popular label designs. Just enter your text data and the software automatically does the rest!
