Value Beyond the Box

Meet the demanding needs of the modern office with Brother hardware, software, and service-based solutions, designed to give you a competitive advantage. Visit **brother-usa.com/solutions** to learn more.

Value Services

From enhanced collaboration to increased document security, Brother Value Services can help your mid to large-sized organization streamline processes, reduce operational and device running costs, and create efficiencies required for long-term success.

Value Services include:

Secure Print Advanced
Secure print job release solution without the high overhead cost.

Custom User Interface
Modified user interface for business workflows and security policy.

Special Solutions Team
Customized solutions for unique configuration and deployment requirements.

Tungsten ControlSuite (formerly Kofax)
Secure, govern, and manage every aspect of information distribution.

PaperCut MF
Monitor and control copying, printing, and faxing.

SecureRx by TroyRx
Print CMS-compliant prescriptions directly onto plain paper.

Security Services

To help protect against print security threats and maintain compliance, Brother devices are equipped with robust Triple Layer Security features.

DEVICE
Restrict and limit access to the device at the individual, group, and activity level.

DOCUMENT
Protect documents in transit to and from print devices.

NETWORK
Safeguard against outside threats using higher level security protocols.

VPP
Value Print Program

Provides discounts on Genuine Brother toner, ink, and drums for customers who commit to purchase and install select Brother printers and All-in-Ones, along with the requisite Brother Genuine Supplies. Includes a limited warranty extension to cover three full years of warranty coverage.

LOW COST PER PAGE (CPP)

With discounts on Brother Genuine Supplies, the Value Print Program helps to drive CPP among the lowest in the industry.

DEVICE UPTIME

Device unification with Brother branded equipment allows for readily available replacement parts. Downtime is virtually eliminated, increasing employee productivity.

CUSTOMER NETWORK SECURITY AND INTEGRITY

With VPP there is no requirement to load third-party software on a network, reducing the need for on-site visits.

brother | for business

Brother Assessment Services

Brother Assessment Services can help customers optimize their print and imaging environment. From predictive analytics to full, on-site infrastructure optimization assessments, our team of experts help customers develop strategies to increase productivity, lower costs, increase security, and reduce their environmental impact.
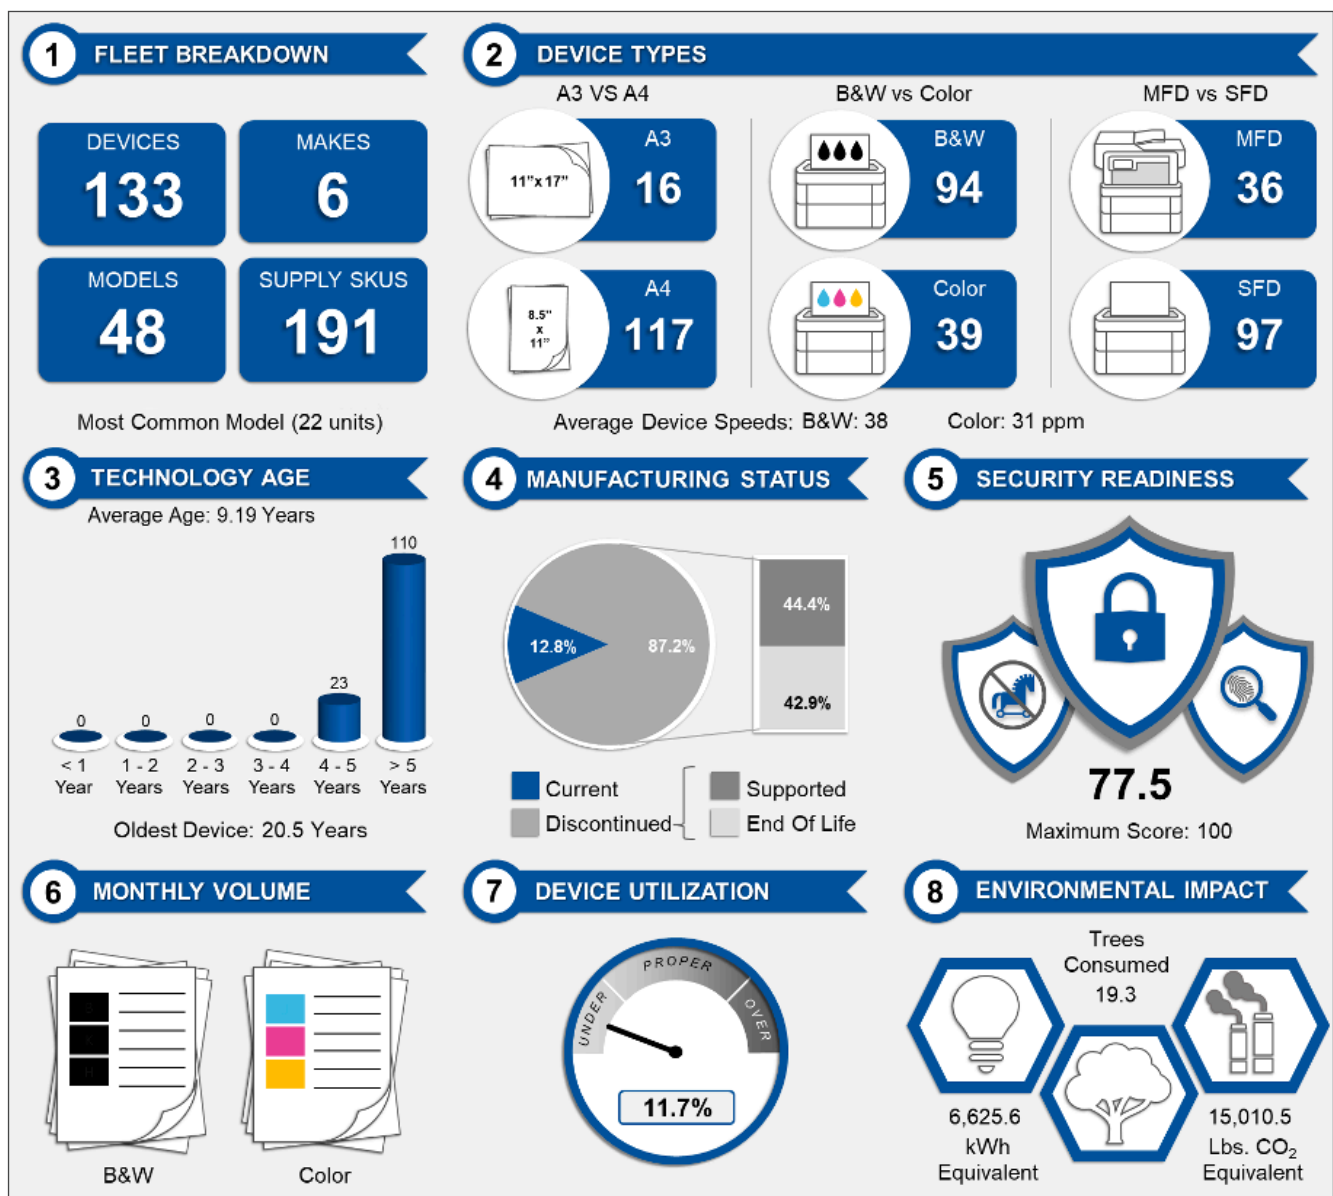

Print Cost Predictive Analysis
Snapshot of a print environment to generate a fleet status and total cost of ownership report.

Infrastructure Optimization Assessment
Audit of select business locations, mapping out devices in a floor plan, and recommending a cost-effective solution.
