OFFER CUSTOM EMBROIDERY FOR YOUR CUSTOMERS' FAVORITE PRODUCTS

Brother makes beautiful, customized embroidery faster, easier, and more cost-effective than ever before. Offering your customers the added value of a service they'd otherwise have to wait days or even weeks for can give your business a real competitive edge. And with the fast, reliable, easy-to-deploy PR1055X, that could even be this season.

Get Started Right Out of The Box with Built-In Designs and Fonts
No extra software purchase required to get started. The expansive PR1055X design library includes 1,184 embroidery designs, 40 lettering fonts, and 14 monogramming font styles.

A Range of Design Possibilities
A wide variety of included and optional embroidery frames gives you the versatility to embroider almost any product.

Be Up and Running in No Time
Built-in HD tutorials make learning easy! The 29 built-in tutorial videos, with everything from basic operations to embroidery functions, will help staff learn basic usage in as little as 90 minutes.

Versatility and Efficiency
Be efficient and productive with 10 needles, and stitch designs up to 10 colors without changing thread. With the 10-needle automatic needle threading, thread each needle in seconds – with just the touch of a button!

Fast Embroidery for Fast Service
Embroider up to 1,000 stitches per minute in just seven seconds flat with industry leading high-speed acceleration.

Built-in Design Software for Virtually Endless Design Possibilities
Offer your customers even more options for personalization and customization. Draw designs directly on the screen or use the included scanning frame to scan art to embroider.

Get The Big Picture
A class-leading, 10.1″ crisp, high-definition color LCD display makes for an intuitive, easy-to-learn system.

Become a Design Pro With Intuitive Editing Features
Easily edit the style and size of lettering, and align text left, center or right. Group letters to move all at once, combine designs and edit them as one, or separate design elements and edit individually.

Real-time Status Updates Keep Things Moving
Follow the progress of your projects in real time via the My Stitch Monitor mobile app[1]. Get alerts when it's time to change threads or when your embroidery is finished.
