ACCESSORY FEET
SEWING | QUILTING | DECORATIVE EMBELLISHMENT
Inspiration begins with having the right tools. And when it comes to revolutionary sewing machines, coupled with just the right accessories, Brother is always “at your side.”

Consider our extensive lineup of versatile and exceptionally crafted sewing feet. Explore the techniques and added capabilities that over 92 varieties can bring to your sewing skills. Enhance your results across five disciplines: General Sewing, Quilting, Decorative Embellishment, Embroidery and Serger. Whether it's finessing intricate effects, working with tricky fabrics, or just making the difficult easy, let Genuine Brother Accessories guide the way and put you on solid footing.

**DIY Zipper Pouch**
A great beginner sewing project and easy to make. These DIY zipper pouches are fun gifts and handy for storing small items. Try this simple DIY tutorial on how to sew a zipper pouch.

**SA102**
Concealed Zipper Foot
For easy installation of concealed zippers. This foot hugs the zipper teeth without bunching or snagging and sews a perfect seam straight down the teeth to make your zipper, in fact, concealed.

**SA103**
Bi-Level Foot (Right)
For precise topstitching and edge stitching over seams and different thicknesses of fabric on the right side. This foot has two levels under the base to accommodate bulky seams and edges. Improve your finishing and topstitch those purse/bag handles with ease.

**SA104**
Bi-Level Foot (Left)
For precise topstitching and edge stitching over seams and different thicknesses of fabric on the left side. This foot has two levels under the base to accommodate bulky seams and edges. Improve your finishing and topstitch those purse/bag handles with ease.

**SA105**
Binding Buttonhole Foot
Binding Buttonhole Foot for XP/XV/V/BQ3050/BQ2450 Series: Easily make buttonholes the size of the button. Perfect for various thicknesses of fabrics.

**SA108**
5mm Straight Stitch Foot
The design of this foot improves contact with the feed dogs, resulting in a more accurate and consistent feed which creates a higher quality straight stitch.

**SA111**
Binding Buttonhole Foot
Easily make buttonholes the size of the button. Perfect for various thicknesses of fabrics.

**SA114**
7mm Non-Stick Foot
This non-stick foot glides over difficult fabric surfaces with ease, while also improving stitch quality in many problem fabrics.
GENERAL SEWING FEET

**SA122**
5mm Non-Stick Foot
This non-stick foot glides over difficult fabric surfaces with ease, while also improving stitch quality in many problem fabrics.
LEARN MORE

**SA126**
7mm Narrow Hem Foot
The groove under the foot is slightly wider and flatter than the Picot Foot and is designed to create a flat, narrow hem on lightweight fabrics.
LEARN MORE

**SA127**
5mm Narrow Hem Foot
The groove under the foot is slightly wider and flatter than the Picot Foot and is designed to create a flat, narrow hem on lightweight fabrics.
LEARN MORE

**SA131**
Adaptor for low shank attachments
Some screw on feet will not have adequate height to be used with some of our embroidery/sewing machine’s presser bar. The adapter is used to add height to low shank screw on feet to insure proper fitment as well as pressure on the fabric.

**SA132**
5mm Overlock Foot
The Overlock Foot is used for sewing overcast seams and it protects edges from fraying. Use the overcast stitches in your machine and see what a difference this foot makes in their appearance and functionality.
LEARN MORE

**SA135**
5mm Overlock Foot
The Overlock Foot is used for sewing overcast seams and it protects edges from fraying. Use the overcast stitches in your machine and see what a difference this foot makes in their appearance and functionality.
LEARN MORE

**SA133**
7mm Blind Stitch Foot
Perfect for edge stitching, attaching lace, and fabric edge joining. Adjustable, open-toed guide makes this a great foot for both embellishing and utility stitching, and works with straight and decorative stitches.
LEARN MORE

**SA134**
5mm Blind Stitch Foot
A great foot for both embellishing and utility use. Adjustable for creating blind hems on a variety of fabrics. While designed for blind stitching, the foot works well for edge stitching, lace, and fabric edge joining.
LEARN MORE

**SA136**
7mm Blind Stitch Foot
Perfect for edge stitching, attaching lace, and fabric edge joining. Adjustable, open-toed guide makes this a great foot for both embellishing and utility stitching, and works with straight and decorative stitches.
LEARN MORE

**SA137**
5mm Blind Stitch Foot
A great foot for both embellishing and utility use. Adjustable for creating blind hems on a variety of fabrics. While designed for blind stitching, the foot works well for edge stitching, lace, and fabric edge joining.
LEARN MORE

**SA149**
5mm Picot Foot
Designed to create a shell look edge on lightweight fabric. Roll fabric edge and hem stitch at the same time.
LEARN MORE

**SA160**
Stitch Guide Foot
With an incrementally marked ruler, a horizontal opening for wide range of left to right needle positions, and added sole pressure, this foot helps you achieve accurate sewing every time.
LEARN MORE

**SA161**
Adjustable Zipper & Piping Foot
This foot easily attaches zippers and pippings. Its position can be adjusted exactly on the edge of the zipper/piping, thus avoiding the non-flat parts of them. It also presses the fabric with just the right pressure.
LEARN MORE

**SA164**
7mm Picot Foot
Decorative narrow hem foot for picot hem finishes. The Picot Foot looks similar to the narrow hem foot but is designed to create a shell look edge on lightweight fabric. Includes a grooved soleplate for picot stitch formation and cone-shaped feet channel for edge finishing.
LEARN MORE

**SA166**
Walking Foot for PE300 Series
The Walking Foot is a moving feed system that holds and moves fabric between the presser foot’s upper feed dog and the machine’s lower feed dogs to better control difficult fabrics as well as multiple layers of fabric. The Walking Foot is great for quilting or sewing when matching prints, plaids, or fabric drift is an issue.
LEARN MORE

**SA169**
5mm Walking Foot
The Walking Foot is great for quilting or sewing when matching prints, plaids, or you need to avoid fabric shifting. Single needle hole prevents fine fabrics from being caught in feed dogs. Curved foot toe travel over varying fabric thicknesses.
LEARN MORE

**SA170**
Walking Foot for PE400 Series
The Walking Foot is a moving feed system that holds and moves fabric between the presser foot’s upper feed dog and the machine’s lower feed dogs to better control difficult fabrics as well as multiple layers of fabric. The Walking Foot is great for quilting or sewing when matching prints, plaids, or fabric drift is an issue.
LEARN MORE
**Vertical Stitch Alignment Foot**
Use for top stitching for straight and curved lines for precise seams.

**Roller Foot**
Perfect for sewing on vinyl, velvet, suede, and leather fabrics. The dual rollers on this 7mm snap-on foot help provide for more accurate and consistent sewing, as the rollers work in tandem with the machine feed dogs to pull the fabric through for a more consistent fabric surface.

**Edge Joining Foot**
Used to easily join two pieces of fabric or attach lace or trim. This foot holds fabrics in place while leaving a space to allow open decorative stitches such as open weave stitches. The middle metal guide keeps pieces perfectly aligned while joining.

**Stitch in the Ditch Foot**
Designed for quilting and other projects that require stitching over an existing seam, this foot rides smoothly over the seam, helping to ensure your stitching remains more perfectly aligned while you ‘stitch in the ditch.’

**Low Shank Zigzag Foot with Ankle Set**
This zigzag foot with ankle set has a snap-on foot for sewing over rises at the beginning of, or in the body of, your fabric. No more getting stuck at a rise or uneven stitches on the downside!

**7mm Side Cutter**
Use for cutting, trimming, and sewing in one operation. Cut fabric and overcast fabric edges at the same time.

**7mm Piping Foot**
Designed for creating custom piping for home décor and other uses. The over-sized channels in this 7mm snap-on foot provide more accurate placement of piping and the wide needle opening allows for a range of stitch widths.

**Spring Action Guide 3 Set**
For PQ Series
The SA170 set, was adapted especially for use on the Brother PQ-Series machines and includes three sizes - 2mm, 5mm, and 8mm. These convenient feet are equipped with durable metal guides that hold the fabric securely for perfect edge-stitching and topstitching yet are equipped with spring action for easy transition to standard sewing.

**Very Narrow Foot for PQ Series**
This Narrow Foot can slip into very small areas while providing a reliable surface to maintain contact with the feed dogs. It’s that foot we used to dream about for those tight corners, working up against a ridge, or other similar situations.

**Heavy Weight Foot for PQ Series**
The Heavy Weight Foot has a larger “foot print” that assures better contact of the fabric to the feed dogs. It can therefore be used to beautifully aid in the proper feed of canvas, fake fur, lace, or quilted fabric beautifully without applying extra or excessive pressure to the presser bar and on to the fabric.

**Gathering Foot for PQ Series**
The Gathering Foot can be used for lightly gathering fabric as well as attaching the gathered edge to a flat (un-gathered) fabric, at the same time quickly and easily. The Gathering Foot will allow the sewer to gently ease or slightly gather fabric for various garment and home decorating applications.

**MuVit Open Toe Dual Feed Foot**
Provides all the functions of the MuVit Dual Feed Foot. It is recommended for any application where extra visibility in sewing is desired. This foot features a wide opening for a wide range of left to right needle positions.

SA200  Couching Dual Feed Foot for V-Series Machines
Enjoy creating fabric surface embellishments using yarn and decorative cords with this easy-to-use, dual feed couching foot. Includes the couching dual feed foot, yarn guide, yarn threader, and instruction sheet.

SA204  Stitch in the Ditch Dual Feed Foot for XV & V-Series
This foot helps provide more efficient feed movement and is designed for use with the MuVit Dual Feed Attachment. Perfect for quilting garments and other projects that require stitching over an existing seam.

SA205  Dual Feed 1/4" Guide Foot
This Dual Feed 1/4" Guide Foot makes it easier to sew heavy fabrics in a straight line and is designed specifically for use with the MuVit Dual Feed Foot device.

SA216  Enhanced N Plus (+) Foot
This foot features a satin finish surface for smooth and stable feeding of fabrics. There is also a plastic guide on the foot to minimize misalignment when sewing.

SA206  Compact Dual Feed Foot
The MuVit Dual Feed Foot can powerfully feed fabric from the top and bottom, with all of that power is packed into an amazingly compact body! This digitally-controlled, direct motor-driven accessory foot was designed for difficult projects which require special handling. Dual feed power makes it incredibly easy to sew precise, uniform stitches on a range of fabrics like leather, faux fur, and silk.

SA209  7mm Narrow Zipper Foot
This presser foot is useful for attaching various kinds of zippers.

SA208  Seam Guide
For guiding fabric edge with an accurate 1/4", 1/2", or 5/8" (approx. 6.5, 13 or 16 mm) seam.

SA538  Circular Attachment Bundle
Sew circular patterns that graduate out at 5mm intervals, ranging from 30mm to 130mm in radius when the center needle position is selected.

SA564  Straight Stitch Foot & Straight Stitch Needle Plate
For perfect straight stitching when sewing thin fabrics. For Use With: Innov-is NQ1200PRW, Innov-is NQ2000PRW, Innov-is NQ900PRW.

SA5FTPKG  5 Foot Embellishment Pack
To enhance your creative possibilities as you sew. Includes Stitch in the Ditch Foot, Roller Foot, Piping Foot, Edge Joining Foot, and Gathering Foot.
SERGER AND COVER STITCH FEET

KEEP YOUR CREATIVITY SERGING
Brother’s Overlocker Feet and accessories are designed to raise your serging skills to the next creative level. Achieve the specialized effects you visualize, with greater speed and ease, even when working with thin or stretchy fabrics. Ready-to-wear details and decorative accents are a breeze with our range of versatile options. Create the looks you want, the way you want them, with consistent, quality results.

LEARN MORE

SA210
Piping Foot for Serger
Holds and guides piping, thus eliminating the need for pins as piping and fabric are serged together.
LEARN MORE

SA211
Pearl Sequence Foot for Serger
Holds and guides pearls as you use your overlock machine. Guides up to 5mm stranded pearls for one step attachment. Adjustable stitch length avoids needle breakage.
LEARN MORE

SA212
Elastic Foot for Serger
Attach and sew elastic or tape in one easy step with your overlock machine. Adjustable stitch width up to 12mm. Channel on foot secures elastic or twill tape to fabric, thus eliminating the need for pins as you created a serged edge. Gathers knits as elastic is attached.
LEARN MORE

SA213
Gathering Foot for Serger
Now you can gather and edge finishing in one operation. Serge finish fabric edges with this snap-on foot.
LEARN MORE

SA214
Blind Stitch Foot for Serger
Create a nearly invisible hem, trim the fabric, and finish the raw edge in one step. Apply to the edge of a fabric using a 3-thread overlock wide stitch or apply to the middle of the fabric by stitching on the fold using a flatlock stitch.
LEARN MORE

SA217
Pearl Sequence Foot for Serger
Use this foot to attach strung pearls, beads, or sequins with your serger. From 3mm to 5mm (1/8 to 13/64 inch) sequins and pearls can be sewn with this foot.
LEARN MORE

GETTING A GRIP ON QUILTING

Experienced quilters know, one of the toughest challenges for any project is preventing the fabric from slipping. This is especially true when quilting three layers, matching intricate patterns, such as plaids and stripes, or working with slippery fabrics like velvet. But getting a grip is easy. Reach for the Brother Walking Foot, a dependable and trusted quilting companion for ensuring a clean and even feed.

SA129
Quilting Foot
Spring action foot for darning, quilting, or free-motion embroidery.

LEARN MORE

SA132
Quilting Guide
Handy for matchstick quilting. To set precise distance from one point to another.

LEARN MORE
