

Education Solutions From Brother

Education solutions from Brother can help you meet increased educational demands that allow students, teachers, and administrators to share information more efficiently.

Printing

Paper documents continue to be part of the education workflow. Brother's technology, solutions and expertise can make a measurable difference in record keeping, student learning, and cutting costs.

Scanning

Brother's solutions-based products and applications are integrable with popular teacher applications to increase teacher and administrator productivity.

Labeling

Brother QL label printers produce cost effective, professional labels for visitor management, general mailing, and more. Brother P-touch label makers are ideal for areas where quick identification of binders, folders, bookshelves, and storage bins save valuable time.

Why Brother? **Brother Benefits in Education**

Education Certifications For Brother Products: To address the needs of the education industry, Brother offers devices that are compatible with a number of leading education technology applications including **Eduphoria!**.

Lifetime Value: Brother devices provide built-in and low total cost of ownership with included high-yield toner cartridges and Brother Genuine replacement toner cartridges.

Tungsten Compatibility: Leverage Tungsten ControlSuite within select Brother printers and all-in-ones for best-in-class document capture, print management, and output management capabilities, as well as additional benefits in support of digital transformation initiatives.
