

LOCATION: CLASSROOM

INPUT AND OUTPUT SOLUTIONS FOR STUDENT CLASSROOMS

Managing IT within the classroom is a necessary component in creating a stimulating learning environment for students. And supporting classroom needs as functional, security and compliance requirements evolve adds to the challenge of creating a vibrant, unified and integrated environment for students. Brother understands. We offer cost-effective solutions to the often-overlooked input and output functions that are common in education. Whether you are looking for solutions to capturing student assessment tests or printing out parental communication forms, Brother can provide the technology solutions your districts and classrooms need. To learn more, please visit brotherthinkoptimize.com

Brother technology solutions help you create an integrated classroom by offering compatibility with a wide variety of student assessment programs, classroom software applications and educational management tools.

STRATEGIC CONCERNS

- Space constraints
- Cloud / Mobile integration
- FERPA compliance
- Budget limitations

COMMON DOCUMENTS

- Student assignments / tests
- Guardian communication
- Assessment / student forms
- Signs / labels

APPLICATIONS

- Print parental communications
- Print, copy, scan assessments
- Capture materials and share with others
- Label files, folders, desks, cubbies

BROTHER BENEFITS

- Low TCO
- Compact size
- Cloud and mobile capabilities
- Customize labels quickly

STRATEGIC CONCERNS	MACHINE FEATURES	BENEFIT
Shifting to digital	Connect to Cloud services directly from the machine to easily collaborate and share documents, projects, and homework	Scan to and print from popular Cloud services including: Google Drive™, OneDrive, OneNote, and more*.
	Print from and scan to virtually all major mobile devices and operating systems	Supports Google Cloud Print™ 2.0 for secure printing from Google Chromebooks™. Compatible with Apple® iOS and Android™ mobile devices.
	Testing and assessment on-ramp	Scanning solutions featuring Optical Mark Recognition (OCR) and imaging capture that reliably transforms paper tests into a wide variety of assessment software quickly and easily.
FERPA (Family Educations Rights and Privacy Act) - assists with meeting regulatory demands and compliance initiatives	Secure Function Lock	Administrator-level controls and user-based permissions to help regulate usage and protect against unauthorized device and document access on a per user or group basis.
	No internal hard drive	Reduces risk of data theft.
Helps increase classroom productivity	Compact size	Easily fit devices on technology carts to share resources across classrooms.
	2.7" color Touchscreen display	Easy menu navigation with the ability to create customized shortcuts to simplify frequently used tasks.
	Classroom signage / labels (QL-820NWB, PT-D400AD)	Quickly create custom labels for files, student / teacher folders, classroom / hallway signs, binders, and student desktops / cubbies.
