Stapler Finisher

brother
at your side

The Brother SF-4000 Stapler Finisher adds new paper output functions to your Brother printer including stapling, offsetting, and stacking.

Personalize these functions in the printer driver, from the printer's LCD screen, or using the Printer's Web Based Management (EWS) page. When the standard output tray is full, the printer will automatically switch to the SF-4000 output tray, increasing the printer's output capacity up to 750 pages.

- ✓ Staple documents up to 50 pages. 500 page total output capacity.
- ✓ The offset function shifts print jobs into the Stapler Finisher output tray for easier collating.
- ✓ Staple and offset functions can be used at the same time.
- ✓ This optional accessory includes 1,950 staples. The SR-100 replacement stapler cartridge offers a total capacity of 10,000 staples (two cartridges with 5,000 staples each).
