ADS-2000e

Desktop Scanner offers powerful features for small to mid-sized businesses. Easily scan two-sided documents in a single pass, as well as other media, to various destinations such as Android™ mobile devices†. Includes various integrated image optimization and advanced scanning features. Plus, it's compatible with Kofax VRS®‡ image processing software which automatically examines scans and applies the appropriate image corrections, making it the complete scanning package for SMB environments.

Specifications:
