SOFTWARE

Overview

If you own the first generation Quattro®, you will be pleased to know that Brother has developed upgrade packs which allow you to make your Quattro® like new! Premium Packs I and II allow you to give your first generation Quattro® all the new features of Quattro® 2, while both the owners of the Quattro® and Quattro® 2 should be sure to ask for Premium Pack III. This pack includes a new upgrade for both machines!

Quattro® Software Upgrade Premium Pack I (SAVR6000D1)

InnovEye® Technology improvements, including:

- Centering Function
- Grid display for perfect needle alignment
- Needle magnification up to 200%
- Screen shot capturing function
- Fabric thickness sensor

Additional features for improved design capabilities:

- On-screen auto design resizing from 60% to 200% of original design
- Bobbin Case and Bobbin Work
- 14 Bobbin Work embroidery patterns
- New cursive font

Quattro® Upgrade

SOFTWARE

Quattro® Software Upgrade Premium Pack II (SAVR6000D2)

It's all about design improvement with the Premium Pack II:

- My Custom Design™ feature allows you to make personalized embroidery designs

- Unique 10" Pen Tablet makes sketching designs and signing your creations easy

- Exclusive Color Shuffling™ Function allows you to change design color palettes with the touch of a button

- 10 new embroidery designs

- 2 new embroidery fonts

Quattro® Software Upgrade Premium Pack III (SABF6000D2)

Embroidery design connection is now even more precise with InnovEye® Technology:

- 4" x 12" Continuous Border Hoop

- 10 border embroidery designs

- Embroidery design connection feature for perfectly aligned borders and designs
