Low Battery! The batteries are weak. Replace them with new batteries or tape cassettes. Make sure that the power is turned off when replacing the batteries. When power is disconnected for more than three minutes, all text, including text and formatting is cleared, the display returns to the initial state, and the memory is cleared.

Troubleshooting

What to do when... | Solution
---|---
Error message appears | • Check that the battery is correctly inserted. • When you access DECO MODE, your most recently used text will be displayed. To cancel operations, press ( ).
• The batteries may be weak. Replace them. (See Troubleshooting - LCD Display & Keyboard)
• Do not press ( ) after the second line; otherwise "Line Locked" will appear. To return to normal mode, press ( ).
• Press ( ) to return to the previous step.
• To clear all the entered text, press ( ) and ( ).
• To exit DECO MODE, press ( ) until the display returns to the basic mode. • To cut off the label, push in the tape cutter lever on the right side of the faceplate before replacing.
• Do not press ( ) when you close the back cover; otherwise "Locked Up" (i.e., nothing appears) will appear.
• Do not print if the cassette is empty.
• To change the basic settings, press ( ) in the text entry screen.

Printing Labels

Text Preview | • Check the text and margins before printing.
• The LCD display on the front shows the last output text. If you want to print the same text again, you can use the "Locked Up" function by pressing ( ) and ( ) in the text entry screen.

Feeding/Tape Feed

Making a Two Line Label | • Enter the text for the second line and press ( ).
• The order of the characters selected affects the labeling. (See Troubleshooting - LCD Display & Keyboard)

Making Copies | • Press ( ) to return to the previous step.
• You can also exit this mode by pressing ( ) or ( ).

Receiving the Label Setting | • When you access DECO MODE, your most recently used text will be displayed. To exit DECO MODE, press ( ) until the display returns to the basic mode.

DECO MODE

You can press ( ) in the DECO MODE when you want to specify the settings. In the text entry screen, DECO MODE can be selected by pressing ( ). The text entry screen will change to DECO MODE screen.
