

## Enjoy grownup fun with these decorative stickers.

Personalize your favorite possessions with these stickers of your own design. Let the time you spend combining illustrations and text spark your creativity – you might even discover a fun new hobby.

## Material

Dimensions (when finished): Shark sticker – 6.49" x 6.81"

- Accessory available separately  
Printable Sticker Starter Kit

**Tip** Your own sticker designs are great for decorating small kitchen items.

**1** Print the design you want onto a printable sticker. Perform printing using settings appropriate for sticker printing.

**2** Attach a laminate sheet to the printed sticker.

**3** Using a scraper or a ruler, affix the sticker, working out any air bubbles. Wrapping the scraper or ruler in a piece of cloth can make it easier to use and produce better results.

**4** Mount the sticker on the cutting mat and select Direct Cut.

**5** Perform partial-depth cutting. Do a cutting test before carrying out the actual cutting.

**6** After cutting, carefully peel off the sticker and affix it at the desired location.
