

Confirm Nozzle Check Pattern CMYK

1. Make sure the platen height is set to the “A” position.

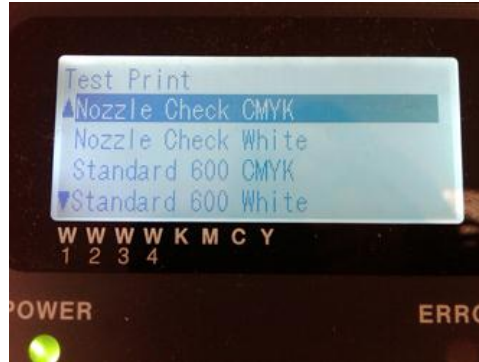

2. Place a piece of paper in the right hand corner of the platen making sure it is flat (not curled) on the platen.

3. Scroll down on the panel and locate test print, Press ok.

4. Select; Nozzle check CMYK, press OK.

5. Press OK to start.
6. The Nozzle check should look like the image below. Perform Head cleanings as needed.

Your dealer(s)-distributor(s) are your first line of support, please contact them for prompt assistance. If you do not have a dealer(s)-distributor(s) refer to our website <http://www.brother-usa.com>. For additional information contact Technical Support at 1-877-427-6843 or tsupport@brother.com.
