

Print Standard Check White

1. Make sure the platen height is set to the “A” position.

2. Place a piece of transparent acetate in the right hand corner of the platen making sure it is flat (not curled) on the platen.

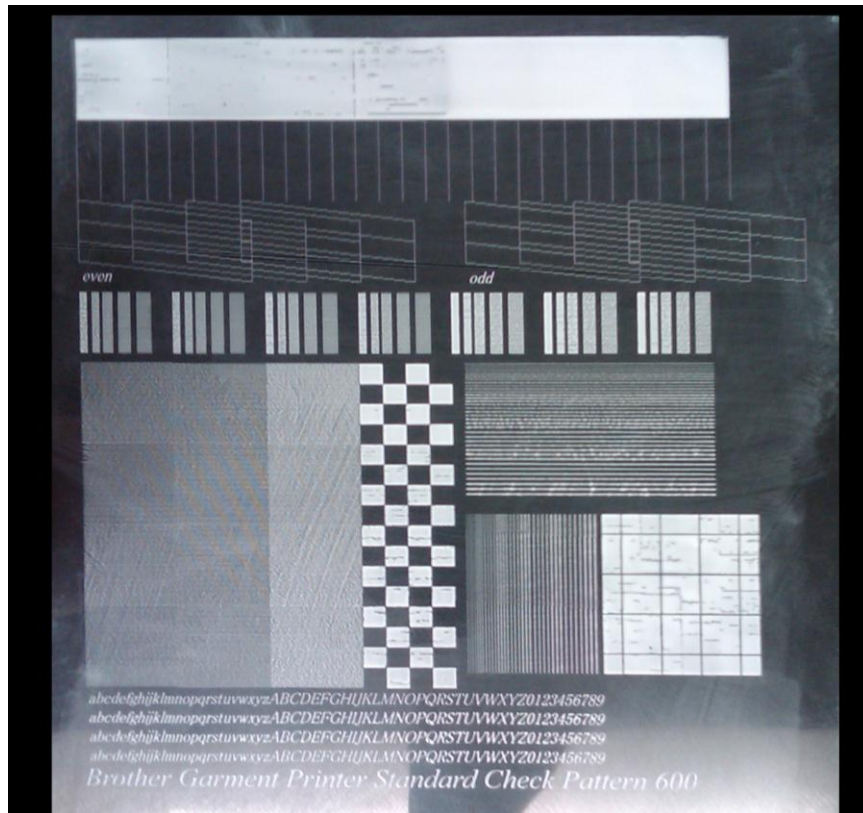

3. Scroll down on the panel and locate test print, Press OK.

4. Scroll down and select: Standard 1200 White or Standard 600 White, press OK.

5. Below is an example of what will print out on your piece of paper.

6. Perform Head cleanings as needed.

Your dealer(s)-distributor(s) are your first line of support, please contact them for prompt assistance. If you do not have a dealer(s)-distributor(s) refer to our website <http://www.brother-usa.com>. For additional information contact Technical Support at 1-877-427-6843 or tsupport@brother.com.
