Introducing a product so revolutionary that it could only come from one company. A company that embraces embroidery enthusiasts and entrepreneurs. Those looking for a highly powerful and efficient 10-needle embroidery machine but with the ease of use and reliability that only Brother can provide.

Meet the brand new Entrepreneur Pro X PR1050X. The PR1050X comes equipped with some of the most powerful design and editing capabilities ever built into a multi-needle embroidery machine. Just when you think you’ve reached the limits of creative freedom, look again – the Pro X PR1050X...

**eXperience the difference 10 makes**

The Most Innovative 10-Needle Home and Small Business Embroidery Machine

Many of our new and enhanced features include:

- 10-Needle Embroidery
- InnovEye® 2 Technology
- Camera-Like Feature, now for Cap and Cylinder Frames
- High-Speed Background Scanning - 5x Faster
- Virtual Design Preview™
- 10.1” Built-in High Definition LCD Display
- On-Screen Letter Editing
- Included BES®4 Dream Edition Lettering and Monogramming Software with Wireless Upgrade
- My Design Center
- ScanImation™ Scanning Frame
- Zoom up to 800% in My Design Center
- 22 Built-in Tutorial Videos
- Large 14” x 8” Embroidery Area
- 10-Needle Auto Threading
- InnovEye® 2 LED Thread Color & Monitoring System
- Color Sort Feature
- Color Shuffling™ 2 Function
- Easy Applique Feature with Multiple Appliques in One Hoop
- On-Screen Auto Density Adjustment
- Brightest Work Area
- Up to 20% Quieter
- Easy Oil Maintenance
- 699 Built-in Designs, Including New Steampunk and Gothic Designs
- 1,000 Stitches Per Minute
- Super-Fast Design Rendering
- Optional Cap Frame and Cylinder Arm

Some of our new and enhanced features include:

**PH1050X**
The Power of 10 Needles

Finish beautiful multi-color creations faster than ever before with the PR1050X. Impressive 10-color, 50,000 stitch-count designs can be completed up to 12% faster than a 6-needle machine, and up to 30% faster than a single-needle machine. With our PRIMEX, you can push your creativity to the next level.

NEW! Customizable Settings

Each needle offers customizable settings for speed, color lock and now the disengagement of the needle threader – useful when using a thin needle.

BROTHER EXCLUSIVE!

Eyelet Threading System

The PR1050X promises virtually perfect thread tension every time.
- Maintains consistent tension on all 10 threads – even as the needle bar moves
- Virtually eliminates thread tangling
- Requires no tools – follow a simple, numbered path

Auto Needle Threading

Makes threading simple! With the only multi-needle machine with a built-in automatic needle threading system, you’ll thread each needle in seconds – with just the touch of a button!

No More Tangles!
Be More Productive!

InnovaChrome™ LED Thread Color & Monitoring System

Underneath each of the 10 thread spools is a full-color LED light which mimics the color of the thread that belongs on the spool for each design, eliminating guesswork!

Our revolutionary visual status system also indicates when a thread color change is needed, what the next color is, as well as thread breakages and alerts.

INDUSTRY FIRST

embroidery & versatility

eXtraordinary 10-needle embroidery & versatility

over 100 eXciting features plus, wireless upgrade

over 100 eXciting features plus, wireless upgrade
**Large Built-in 10.1” High Definition LCD Display**

22 Built-in Tutorial Videos
HD tutorials make learning easy!
View 22 tutorial videos directly on the high-definition LCD display, or stream your own creations using the industry standard MP4 format.

Intuitive User Interface
Larger, more defined crystal clear icons, color navigation, scrolling menu and the ability to view your design properties in preview mode. Select from 3 thumbnail sizes – small, medium or large.

Adjustment and Zoom Features
View your creations in crisp, vivid color and watch them become larger than life with the new zoom function of up to 800% within My Design Center, and up to 200% in other modes. Now you can easily adjust your design by rotating in 0.1 degree increments.

**5 Built-in LED Lights**
Shine brilliant light on your designs with our brightest work area ever! The PR1050X casts pure, full-spectrum lighting onto your workspace with 5 built-in LED lights.

- Customize the light with any of the 5 settings
- Shadows are practically eliminated, helping to ensure precision and complete accuracy

**NEW! Up to 20% Quieter**
Our newest multi-needle machine is engineered to be up to 20% quieter than prior models!

**NEW! Easy Oil Maintenance**
Oiling your machine has never been easier!
Simply press the oil button on-screen to set the hook angle at the best position for oiling.

**45% Larger Than Previous Multi-Needle Displays**
eXceptional design and editing capabilities at your fingertips

NEW! Color Sort
When combining designs, you can be even more efficient by having the machine sort the stitch order by color. Reduces color changes and needle bar movement to minimize embroidery time.

NEW! Smart Stitch Management
Worried how long a certain color will take? Check the progress bar to see its status. The tab indicator indicates the stitching sequence, or key in the stitch number to go forward or backward by any number of stitches.

NEW! Color Shuffling™ 2 Function for Even More Color Possibilities
Use the pin function in Random and Gradient modes to ensure your favorite colors are included in your shuffle.

NEW! On-Screen Letter Editing
Input multiple lines of lettering and then go back and edit many different ways – insert elements, divide letters, words or phrases, combine selected words, change the font style and size of individual letters or a whole line of text. You can also easily align text Left, Center and Right. Perfect for embroidering multiple line poems, phrases, and birth announcements.

NEW! Easy Appliquéd Feature
Instant pattern outline for easily creating appliquéd. Now you can create multiple appliqués in one hoop!

On-Screen Auto Density Adjustment of Original Design
When enlarging designs, the stitch count is automatically recalculated to 100%, so your resized design will look just like the original.

NEW! Group and Ungroup
Easily group letters and/or designs to move all at once.
It’s Like Having a Built-in Camera – Now with High-Speed Background Scanning!
Perfectly place your design exactly where you want it every time. Just scan your fabric or garment, preview your design on screen, and you’re ready to embroider.

Virtual Design Preview™ – No Scanning Needed!
Get a real-time camera view of the needle area and see your embroidery design superimposed on your fabric – no scanning needed! Three useful options for positioning while zoomed in – Align, Rotate and Move.

Enhanced Snowman® Embroidery Positioning Marker
Our beloved Snowman® Embroidery Positioning Marker offers 9 options for alignment of embroidery designs. Pair with the InnovEye® 2 Technology to automatically position the design for precise embroidery placement.

Virtual Design Preview™

INDUSTRY FIRST

Enhanced Snowman® Embroidery Positioning Marker

THANKS TO THE INNOVEYE® 2 TECHNOLOGY, EMBROIDERY DESIGN CONNECTION IS EASY AND MORE PRECISE.

Combined with the Snowman® Embroidery Positioning Marker, you can reposition your design many times in many directions. Perfect for aligning designs for borders and quilt blocks.
**Make Your Projects As Unique As You**

My Design Center integrates with our industry-first InnovEye® Technology to offer new design capabilities at your fingertips, all without a PC. Draw or doodle directly on the LCD display and watch it spring to life in the large drawing area. Or, use the industry-first scanning frame to scan line art, handwriting or printed clip art and have it transformed into embroidery data. Easily add stippling or fill patterns to your embroidery designs and quilt blocks. There are so many ways to create custom personal works of art!

**ScanImation™ Scanning Frame and Technology**

The industry’s first scanning frame that works on a multi-needle machine. Using InnovEye® Technology and our state-of-the-art ScanImation™ Scanning Frame, you can scan drawings and printed clip art directly into My Design Center.

**Draw Directly on the LCD**

Use the included stylus to draw directly on the LCD display and see your designs or handwriting instantly spring to life in the large drawing area.

Line Art Scan and Embroider

Use the industry-first InnovEye® Technology to scan handwriting or line art on the Industry-first ScanImation™ Scanning Frame, and then watch as they are transformed into unique embroidery designs.
Illustration Scan & Embroider
Use the industry-first InnovEye® 2 Technology to scan an image or illustration on the industry-first Scanimation™ Scanning Frame. Or, import a JPEG using the USB port, and watch in amazement as the image is turned into stitch data using just the machine.

1. Scan it
2. Convert it
3. Embroider it

Custom Draw Stipple
Use the industry-first Scanimation™ Scanning Frame or draw directly on the LCD display to create your own unique patterns. Now you can get the look of complicated freehand stippling without the use of software or stitch regulation!

NEW! Outline Recognition for Stipple and Fill Patterns
Accurately stipple anywhere on any project. Add stippling or fill to any embroidery design, whether built-in or imported. Import your saved outline, choose from 10 new built-in decorative fill patterns or stipple stitch and the machine does the rest. The enhanced preview mode allows you to see both the scanned design and selected stippling or fill pattern before you begin to stitch.

NEW! Inside & Outside Auto Stipple and Fill Pattern
Use the built-in library of shapes to add interesting detail to any project. You can combine shapes and apply inside or outside stippling. Choose from decorative fill patterns with separate stitch settings to create unique designs. Includes 60 closed shapes, 30 open shapes, and 5 line options – Satin, Single Straight, Triple Straight, Candlewick and Diamond.

NEW! Trapunto-Like Embroidery
Easily create Trapunto-like projects using the new save outline feature. The last 6 outlines are saved.
**eXhilarating wireless freedom with BES®4 Dream Edition Software & BES®Wireless Upgrade Kit**

BES®4 Dream Edition is a full-featured lettering, monogramming and customization PC software program PLUS a free wireless upgrade kit and access to a free cloud-based application for storage and basic on-the-go editing capabilities.

**Connect Wirelessly**
- Create beautiful lettering and monogramming on your PC
- Transfer designs wirelessly from your PC or tablet to your new BES® Cloud.

**Edit and Store Designs On-the-Go**
- Access to BES® Cloud, a free cloud-based software
- No subscription required
- Edit on-the-go from your PC or tablet
- Save designs using the free storage
- Send designs wirelessly to your machine

---

**BES®4 Dream Edition Lettering, Monogramming and Embroidery Software**

**840+ Embroidery Designs, Including 101 New Designs**

New Compact Frame Kit (PRHCK1)
Originally created for Persona, our new generation of unique embroidery frames are now available for PR1050X. These frames make it easy to add touches of embroidery to small items, like children’s garments and pockets. Four compact frame sizes, ranging in size from 1.25” x 1.75” to 2” x 2”.

New Clamp Frame M (PRCLPM1)
- Easiest framing – click and snap
- Strong holding power, with no hoop burn
- Ideal for personalizing totes
- Embroidery size: 100mm x 100mm (4” x 4”)

Sleeve Frame (PRHSLS200)
- Not only for jacket sleeves and trousers, but for kid’s clothes too!
- Embroidery size: 70mm x 260mm (3” x 8”)

Cap Frame Kit (PRCF3)
Wide Cap Frame Kit (PRPCF1)
- Embroider caps effortlessly with our cap frame and driver sets
- Embroidery size: 130mm x 60mm (5” x 2.4”) and 360mm x 60mm (14” x 2.4”)

ScanNCut2 CM650W
- Large 4.85” color LCD touch screen display, now 30% larger than before
- PES and PHC Data Readability, works in total harmony with sewing and embroidery machines
- Large 12” x 24” scanning and cutting area

Simply Appliqué Software (SABESSA)
Create custom appliques with exceptional cutting capabilities!
- 206+ built-in applique designs and 10 applique fonts
- 130+ built-in embroidery accent designs and 9 embroidery fonts
- Merge designs from other sources with the built-in images, designs and fonts
- ScanNCut compatible – design, embroider, and precision-cut your appliques
- Compatible with most brands of embroidery machines and software

PE-DESIGN® 10 (PEDESIGN10)
Expand your creative possibilities with this full-feature digitizing software!
- 130 built-in fonts and 1,000+ built-in designs
- Convenient USB-style software key
- Enhanced embroidery wizard, ability to see thumbnail previews of your designs in Windows Explorer
- Superior quality PhotoStitch™ results with enhanced features

41. Manual thread tension
42. Thread sensors for upper and lower threads
43. Short stitch deletion setting
44. Thread tail length setting
45. Thread wiper
46. Jump stitch thread trimming
47. Thread trim setting key
48. Automatic thread cutter
49. Carving text
50. Space reduction among embroidery alphabets
51. Automatic color sorting on border function
52. Embroidery background color adjusting feature
53. Embroidery frame display
54. Embroidery thread palettes
55. Built-in alignment function for designs and borders
56. Trial position
57. Pattern rotation in 0.1, 1, 10, or 90 degree increments
58. Embroidery drag and drop
59. On-screen handle for resizing and rotation
60. Up to 200% zoom in edit window
61. Design combination
62. Embroidery background function
63. Flip design horizontally
64. On-screen auto density adjustment from 60% to 200% of original design
65. Color Shuffling® function
66. VirtuFlip™ function
67. High background camera scanning
68. Camera scanning in 2 different modes – Fine/Standard
69. InnovaEye® 2 Technology and Snowman® Embroidery Positioning Marker for precise positioning
70. Snowman® Embroidery Positioning Marker offers nine options for alignment
71. Embroidery design connect by InnovaEye® 2 Technology
72. InnovaEye® 2 Technology preview rotation angle guideline
73. Insert letter at midpoint of text line
74. Input second line of text
75. Align Left, Center, Right
76. Grouping after line break
77. Edit single letter
78. Edit full line of text
79. Divide line of text
80. Combine lines of text
81. 3 thumbnail sizes (L-M-S)
82. Advanced multiple design selection
83. Grouping of letters and designs
84. Direct touch button for color change
85. Monochrome embroidery for single color embellishment
86. Resume function
87. Built-in appliqué creator
88. Create multiple appliqués in one hoop
89. Color Sort feature
90. Pause setting
91. User defined color setting
92. Bigger start/finish point setting area
93. Direct touch button for embroidery order
94. Smart Stitch Management indication bar
95. Smart Stitch Management – forward/backward up to 1,000 stitches
96. Smart Stitch Management – direct key entry
97. Caution when pressing the default color button
98. Stitch simulator
99. Manual color sequence
100. Temporary needle bar setting
101. Individual needle attribute setting – maximum speed
102. Individual needle attribute setting – color anchor
103. Individual needle attribute setting – needle threader
104. Shortcut button to needle attribute setting
105. Automatic frame detection
106. Key to move needle bar to needle 6

LCD DISPLAY FEATURES
