

YOUR QUEST FOR MORE STARTS HERE

Brother offers a lineup of sewing, embroidery and quilting machines that are designed to take your quilts to the next level – the Q-Series. The Innov-is NQ1300PRW, NQ900PRW, NQ700PRW and NQ575PRW models are designed with the quilter in mind, with features such as a walking foot, which controls multiple layers of fabric with ease; a 1/4" quilting foot with guide; and a free-motion quilting foot. The machines also come with a longer J foot combined with longer feed dogs, which allow for better grasp of your fabric. The Q-Series lineup also includes the Innov-is NQ3600D sewing and embroidery combination machine and the Innov-is NQ1600E embroidery-only machine. All six machines are ultra-portable, so each makes for a perfect classroom companion. They are light, easy to pack, and include so many advanced features.
