Translation right at your fingertips

Accurately and Securely Translate your Documents

In today's digital age, connectivity is the key to staying competitive. Yet, with connectivity comes the language barrier, which is often seen as just that — a barrier. But it doesn't have to be.

Brother offers translation services powered by **thebigword** to meet the needs of the globally connected business world. Your business can now get fast and accurate translations by one of the top language companies in the world — right from your Brother device.

Why Translation Services Powered by thebigword?

Secure Document Translations and Transmission

ISO 27001 compliant for any information security management system.

When using the Enterprise translation services, the highly secure translation editor uses unique and advanced file encryption to protect your sensitive content throughout every stage of the translation process.

High-Quality Translations backed by a Top Language Company

Dedicated, expertly-trained translators to provide the highest level of accuracy.

thebigword is a top 15 rated, global language company with 12 offices worldwide and over 600 staff. The company handles up to 50,000 worldwide assignments every day.

It's as easy as 1-2-3...

1. **Scan and Email Document:** Sign-up on brother-usa.com/solutions/thebigword. Scan to TMS@thebigword. com via a Brother laser all-in-one printer or standalone scanner using the scan-to-email functionality. You will then receive a confirmation email with the next steps. You must enter the email address you want the translated document to be sent to in the subject line at the Brother device, as this will be used to confirm translation jobs.

2. **Select Translation Level:** Request a quote for a Machine, Crowd Sourced, or Enterprise translation in the target language. An email confirmation will then be sent including turnaround time.

3. **Project Delivered:** Lastly, you will receive an email with a link to your translated documents.
