

Unpack the machine and check the components

NOTE:

- Manuals in Spanish for this model are available on the Brother Solutions Center. (USA only): solutions.brother.com/manuals
- Los manuales en español de este modelo están disponibles en el Brother Solutions Center. (Solamente en los Estados Unidos): solutions.brother.com/manuals
- You must purchase the correct interface cable for the interface you want to use.

USB cable

We recommend using a USB 2.0 cable (Type A/B) that is no more than 6 feet (2 meters) long.

Network cable

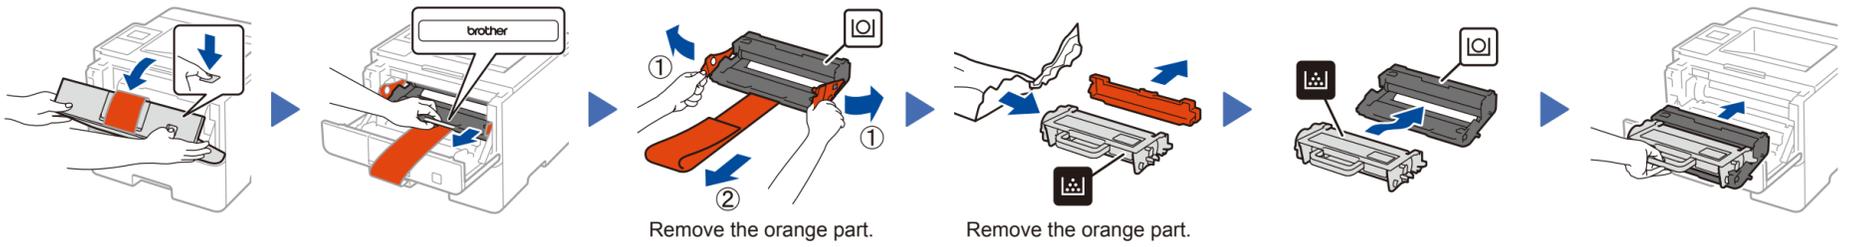

Use a straight-through Category 5 (or greater) twisted-pair cable.

- The illustrations in this Quick Setup Guide show the HL-L6400DW.

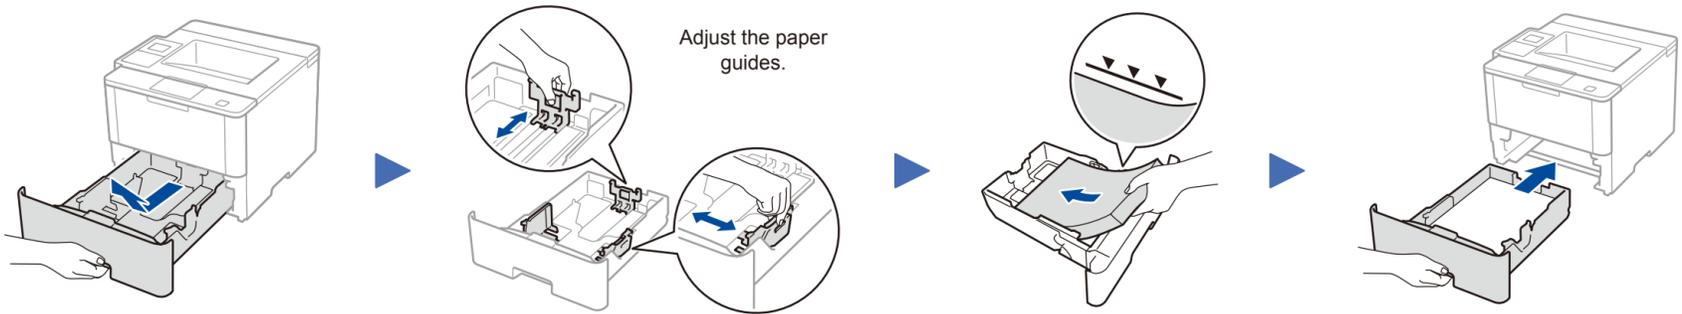

Watch our Video FAQs for help with setting up your Brother machine:
solutions.brother.com/videos.

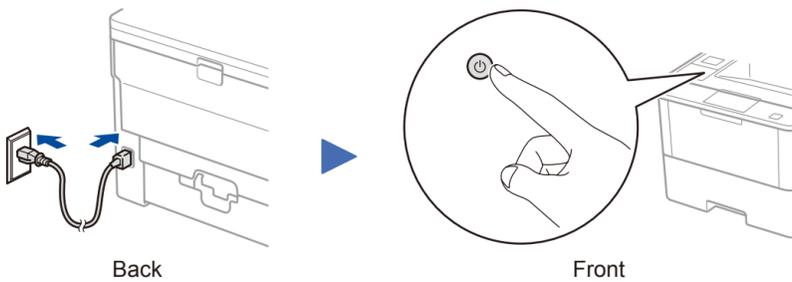

1 Remove the packing materials and install the drum unit and toner cartridge assembly

2 Load paper in the paper tray

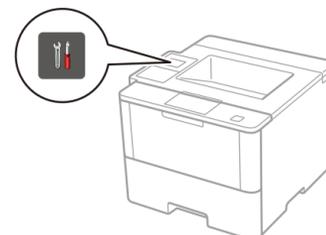

3 Connect the power cord and turn on the machine

4 Select your language (if needed)

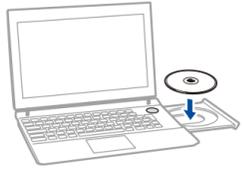

1. On the machine's Touchscreen, press [Settings] > [General Setup] > [Local Language].
2. Press your language.
3. Press .

5 Connect your machine and install software

Brother regularly updates firmware to add features and fix identified problems. To check for the latest firmware, visit solutions.brother.com/up1.

Windows® computer with CD-ROM drive

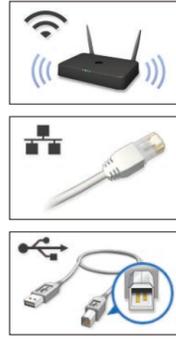

NOTE:
If the Brother screen does not appear automatically, click **Start** > **Computer (My Computer)**. (For Windows® 8: click the **File Explorer** icon on the taskbar, and then go to **Computer (This PC)**.)
Double-click the CD-ROM icon, and then double-click **start.exe**.

Macintosh/Windows® computer without CD-ROM drive

Download the full driver and software package from the Brother Solutions Center.
(Macintosh) solutions.brother.com/mac
(Windows®) solutions.brother.com/windows

Choose your Connection Type:

Follow the on-screen instructions to continue installation.

Follow the on-screen instructions to continue installation.

Finish

If using a wireless network connection:
When the **Wireless Device Setup** screen appears, select **Setup without a USB cable (Recommended)**.

When instructed, go to your machine's LCD.

a. Press the **WiFi** icon on the LCD.

b. Press [WLAN Assistant].

Follow the on-screen instructions to continue installation.

Finish

NOTE:

- When finished, restart your computer.
- If connection is unsuccessful, see **?** *Cannot set up your machine?* below.

NOTE:

If the LCD screen is blank, press **Wake Up** to wake up the device.

WiFi Alternate wireless configuration method (Setup Wizard)

Restart your wireless access point/router.

Find your SSID: XXXXXXXX
