BROTHER DOCUMENT IMAGING AND LABELING SOLUTIONS FOR BUSINESS

BROTHER
WORKHORSE
 SERIES

The Brother Workhorse Series includes robust monochrome and color laser printers, MFPs, and scanners. These products are designed to handle high print and scan volumes in mid-size businesses, while helping to improve productivity and lower operating costs. The Brother Workhorse Series products are also backed by triple-layer security to help protect your documents and data, restrict access to the device, and securely connect the devices to your network.

SECURITY SERVICES

BROTHER BUSINESS SOLUTIONS

Brother devices provide multiple layers of security to help protect against document and data loss or misuse and network intrusion. Brother's robust security features deliver three levels of security:

- **Device** : Restrict and limit access to the device at the individual, group, and activity level.
- **Document** : Protect sensitive documents and print data, both in transit and at rest.
- **Network** : Protect outside threats using higher level security protocols.

VALUE PRINT PROGRAM

BROTHER BUSINESS SOLUTIONS

The Brother Value Print Program provides discounts on Brother Genuine Supplies. Additional benefits include:

- **Low Cost Per Page (CPP)** : With discounts on Brother Genuine Supplies, VPP helps to drive CPP among the lowest in the industry.
- **Device Uptime** : Device unification with Brother branded equipment allows for readily available replacement parts. "Downtime" is virtually eliminated, increasing employee productivity.
- **Customer Network Security and Integrity** : With VPP, there is no requirement to load third-party software on the customer's network, reducing the need for on-site visits.

NOTE: INKvestment Tank models are not eligible for the Value Services listed above.
