MOBILE AND CLOUD SOLUTIONS

Creating the Always-On, Connected Campus, While Reducing Contact Operation

Brother offers a number of products and solutions with cutting-edge mobile device and web-based features that make it easy for students, teachers, and administrators to connect, print, and share important information virtually anytime, anywhere – quickly, easily, and securely. This also helps to reduce interaction with the device.

- Brother printers and MFPs are compatible with **Chromebook™ laptops**, enabling printing from computer of choice.
- Students and staff can wirelessly print from their smartphone, tablet, laptop or computer.[1]
- Brother MFPs enable users to directly scan documents to or print from Cloud services such as **OneNote and Google Drive™**[2].

CONTACTLESS SERVICE WITH BROTHER EXCHANGE

Brother offers device exchange options to address any service needs that might arise – a replacement product can be shipped directly to your school. This provides a simple plug and play setup without the need for outside personnel entering your school / district.
